Dear FPA-VC Members,

This is a trying time for everyone, and we hope that you and your families are doing well.

We are reaching out to let you know that Comfort Keepers Home Care is recognized as an essential service for keeping the seniors in our community safe and at home. One way we can keep them safe is by preventing unnecessary medical and ER visits that can be avoided through proper personal care and in-home assistance. At Comfort Keepers, we are working around the clock to keep seniors protected by implementing fall prevention measures, medication reminders, proper nutrition and hydration, assistance with ADLs, Alzheimer's and Dementia Care, and performing other activities that are vital to maintaining the health and safety of our at risk seniors. We do this daily with a heartfelt dose of JOY.

In addition to offering our usual home care services, Comfort Keepers can help by placing **Wellness Check Phone Calls** as a service to our community. If you are aware of a senior who is isolated at home and would benefit from a Wellness Check Phone Call or any of our regular care services, please reach out to Comfort Keepers at **805-494-9900**.

We wish all of you the very best as we work together in partnership to safeguard our seniors. Please share this service with anyone you feel may need assistance at this time.

Best wishes to all of you from all of us at Comfort Keepers Home Care.
